Caution

This publication is the 2018/19 edition of the *UK Register of Expert Witnesses*. It replaces the 2017/18 thirtieth edition. The information contained herein represents the information held on the publisher's databases on 28 March 2018, errors and omissions excepted.

In accordance with the requirements of the General Medical Council concerning the advertising of doctors' services, you are asked to note that:

- there will be other doctors, not listed in the *Register*, who are prepared to offer medico-legal services
- the *Register* does not in any way purport to be making recommendations concerning appropriate specialists for a patient to consult.

elderly persons C175, C185, D231, D279, E651, L1207, L1482

Ordering of the entries

The entries in the list of expert witnesses are grouped by postal district within each of the 14 regions to facilitate the location of experts in specific geographical areas. Moreover, within each postal area the entries are ordered alphabetically by town to pinpoint expert witnesses even more closely.

A regional map and index are reproduced on the fold-out flap at the front of the *Register*. There is also a town index, starting on page 343, which allows you to determine in which postal area and region a given town is located.

Codes and symbols

Codes and symbols are used throughout the list of expert witnesses to represent various categories of information. Within the body of an entry you may see any of the following:

 Telephone	 Document exchange
 Fax	 Geographical limits
 E-mail	 Languages spoken (in addition to English)
 Website	

In addition, any combination of the following symbols may appear alongside entries to indicate that the expert:

-  is prepared to discuss a potential instruction by telephone for 10 minutes free of charge
-  has lodged a profile sheet
-  has lodged a CV
-  is prepared to undertake legally aided work
-  is prepared to be instructed in criminal cases
-  is prepared to be instructed as a single joint expert.

Finally, one of the following symbols may appear for medical practitioners who are prepared to write reports or appear as expert witnesses in cases alleging **medical malpractice**:

-  only on behalf of the medical attendant
-  only on behalf of the patient
-  on behalf of either the medical attendant or the patient.

Vetting data

Each entry shows the total number of references, together with the date of the most recent reference. More detailed vetting information can be found by visiting the expert's entry on-line or on the software.

Abbreviations Index

This index lists the abbreviations used by the expert witnesses in the *Register*. Please note that it has been compiled from the information provided by the expert witnesses themselves. It is not intended to be, nor should it be used as, an authority as to the meaning of any particular term.

Where the text of an abbreviation or its meaning varies, brackets are used to indicate the optional text, e.g. A[M]RAeS means that both AMRAeS and ARaE S are used by experts listed in the *Register* to signify *Associate Member of the Royal Aeronautical Society*. Any optional qualifying information is shown using parentheses around the optional text. Any such qualifying information is not covered in this index, e.g. BSc(Hons) means *BSc with honours*; only the main abbreviation, BSc, is included in this index. Similarly, indication of 'honorable' has been ignored in compiling this index.
