UK Register of Expert Witnesses

Support, guidance and promotion for expert witnesses

How would you like to...

- ⊙ reach the top litigators
- ⊙ attract high-quality instructions
- ⊙ enhance your reputation
- ⊙ reduce payment problems
- ⊙ learn from the experiences of others
- ⊙ get ahead with your marketing
- ⊙ keep abreast of changes in the law

Let us show you how...

What thousands of other experts already know...

Support, guidance and promotion

We suspect you answered 'yes' to many of the questions set out overleaf. This is because they are the priorities of the thousands of expert witnesses who have already taken membership of the **UK Register of Expert Witnesses**.

The Register represents the UK's largest database of vetted expert witnesses, and it also helps experts get started on a forensic career. We distribute the printed Register to over 6,000 law firms in the UK – through our free Controlled Distribution List – that's a readership of more than 35,000 lawyers.

- Readership of 35,000+ lawyers
- 57,000+ on-line searches annually

Comprehensive professional support

Not only that, but we also support you in your expert witness work with a range of free services that keep you abreast of your changing responsibilities. Plus help and advice on all aspects of the business side of things, from setting out terms of engagement to securing payment, copyright of your reports and VAT matters.

Objective quality control

So why do lawyers prefer our Register over others? That's simple. It is uniquely a **vetted resource** with **daily updates**. To ensure quality, we **independently vet** experienced expert witnesses. For those experts just starting out in their forensic careers, we clearly mark their entries as 'unvetted'. Vetted experts can choose to subject themselves to periodic re-vetting, the results of which are published too. Knowing that the published information can be trusted really does make a big difference to lawyers.

- Largest vetted resource for lawyers
- Quality assured by annual entry renewal and unlimited updates

Membership brings you...

Join the Register and you get far more than an entry in a directory. Consider the questions we posed overleaf. Let us show you how we can help you excel in your forensic work.

- 1 **Reach the top litigators**
We place your details in front of those lawyers who handle more than **80% of all litigation** in the UK.
- 2 **Attract high-quality instructions**
We promote direct contact between lawyers and experts, and our members tell us that such instructions tend to be of **higher quality** and have a **higher net value**.
- 3 **Enhance your reputation**
Through our **rigorous** and **independent vetting** procedures, vetted expert witnesses can objectively demonstrate that they are expert witnesses who 'know the ropes'.
- 4 **Reduce payment problems**
Access to a wealth of information on expert practice enables you to **gain better control** of workflow and fees.
- 5 **Learn from others**
Join the UK's largest and **longest established expert witness community** for helpline access to the knowledge of hundreds of lessons learnt over 30+ years of working with expert witnesses.
- 6 **Get ahead with your marketing**
Save time, money and effort in marketing your services via the UK's largest vetted expert witness resource.
- 7 **Keep abreast of legal changes**
Through our regular newsletters and e-wires, we can help you **keep up to date** with changes in the law affecting your work as an expert witness.

All in all, our package of services and benefits offers value for money that others don't come close to matching.

Further and better particulars...

Vetting: The UK Register of Expert Witnesses is primarily a **vetted resource** listing expert witnesses who have been recommended for inclusion by instructing lawyers. But it also offers a route for experts wishing to start forensic work. **Unvetted experts** are marked clearly as such in all forms of the Register.

Indexing: Index terms are based on the information you supply, rather than being selected from a predefined list.

Guaranteed distribution: The printed book is provided free to the top 6,000 litigation law firms – that's more than 35,000 lawyers. Also used by barristers, the courts, the Law Societies of England & Wales, Scotland and Northern Ireland, the police, the BBC, Trading Standards Departments, UK prosecuting authorities and many others.

Web Register: The on-line version of the Register is freely accessible. Each year, on average, listed experts are found more than 500 times, with over 57,000 searches being conducted.

Registered logo: All experts listed in the current edition may use our registered logo. Experts who have undergone re-vetting may use a version of the logo that bears the year of most recent recommendation.

Web integration: Selected legal websites have direct access to our expert databases. Web integration increases on-line exposure of your contact details by including them on websites lawyers habitually visit.

Business Support Helpline: Professional level members gain free access to qualified solicitors and accountants for help with commercial legal matters, tax, VAT, intellectual property and much more.

ICLR.3 case law searching: Professional level experts have full access to the case law search service of the Incorporated Council of Law Reporting for England and Wales. Built using Government-grade search technology, its Omni-search system allows you to perform searches on case name, citation, free text and subject matter, all from a single search field.
